IC Group provides these services

Commercial Print

Marketing your business is largely about elevating yourself above your competitors. Your business card, company stationery, brochures and direct mail campaigns are often the first impression your target audience gets of your company so it is essential that your printed material conveys the right impression each and every time. IC Group is here to help you achieve your goal.

Print Management

A challenging business environment is focusing more and more companies just like yours on examining their print purchasing in an effort to streamline, simplify and automate the entire process and identify opportunities to save money. If you feel your print costs are running away with you, IC Group's Total Print Management (TPM) program can help you to regain control of your overall print spending while providing seamless production, on-time delivery and the highest level of quality and customer service.

Promotional Products

IC Group will adopt a marketing-based approach, making sure your promotional products coordinate with your corporate colors, logo shapes and slogans. We'll work with you on your specific packaging and distribution requirements. We can build a company store for you, and provide ideas for safety programs, staff awards and incentives, trade shows, or any other needs you may have. IC Group offers over 26,000 promotional products.

Forms Management

Creating, maintaining and managing a large volume of forms can be a real challenge. IC Group's Forms Management program can help you to streamline this often time consuming and inefficient process. Business forms are a cost and rarely add directly to your bottom line profits. However, we can help you reduce your inventory, decrease obsolescence issues and improve your productivity. With over 60,000 square feet of warehouse space, we'll manage your inventory making sure your products are always on hand. We'll provide regular inventory reports and, with our custom-made on-line ordering systems and same day pick & pack and dispatch, you'll always feel in control.

Secure Check Printing

Since its inception in 1982, IC Group has served many financial and commercial institutions. Our mission at that time, as it is today is to provide high quality business and software compatible banking products with easy ordering channels, within a fast production time frame, at a competitive price. Twenty-five years later, we continue to provide business owners and consumers the highest level of security and value on their banking products. IC Group offers a full line of checks in the most popular formats for business. Quality laser and continuous checks from IC Group can help you get the best performance possible from your accounting software.

Digital Print

Unlike traditional print manufacturers of old, with IC Group's digital print capabilities you have the ability to send a unique mailer to every one of your customers, with an attention-grabbing headline, personalized copy and even full color images that change for every customer!
